

Build A Boat

What is Build A Boat?

Build A Boat is an opportunity for you to learn how to build yourself a sleek and exciting canoe.

When is it held?

The course is held only during these dates: August 17-21st. The course is open weekdays, Monday through Friday, 8:00am – 3:30pm during the session.

Where is it held?

The course is held at Peabody Mill Environmental Center, Amherst, New Hampshire. Amherst is a small, pretty town located in southern New Hampshire.

What are we building?

Each person is building their own Canoe for personal use! This canoe is an original design that has good initial overall stability. We will build this boat in approximately a 15' length. The canoe is light, fast, flatwater and gentle river capable, and a real pleasure to paddle.

This is a great boat! Not only is it relatively easy to build it is a real pleasure to use, and will last many years.

ONLY 10 Builders will be accepted this summer. Apply Early!
